## Kingaroy Soaring Club

### GFA Approval/Dispensation to MOSP 3 Section 18.9.2

GFA dispensation to MOSP 3 18.9.2 is hereby granted. The Kingaroy Soaring Club including its private members are approved to operate using battery technology and systems as contained in the clubs Procedures Manual LiFePO4 Battery submitted 23/12/2016. All operations must be in accordance with the information, requirements, procedures and appendices.

Further requirements are:

1. the clubs AAO is responsible for the maintenance of the above battery systems continuing airworthiness
2. members must be adequately trained and accept any risk
3. safety defect report be submitted if and when the need arises
4. the club maintains battery component history records

Yours faithfully

Dennis Stacey  
GFA CTO
