Welcome to the Gliding Federation of Australia and the GoMembership system.

Please review the key points of our general terms of use. Below the GFA terms you will see the GoMembership system Ts & Cs.

GFA Terms and Conditions

The Gliding Federation of Australia uses the GoMembership system to manage our membership process. As a result, the first thing we need to do is to have you register on the GoMembership system and accept their terms and conditions of use as well as our own.

Once accepted you will be directed to your personal profile in the membership system where you will be able to buy the type of membership you need and connect yourself to the club you are a member of.

You may also need to upload some additional information such as medical documents before you will be able to fly a glider. This can easily be done using the credentials area of your profile in the GoMembership system.

In order to join the GFA you must agree to these terms and conditions, and also read the disclaimer that is below.

About this membership
Adult Flying Membership for new and ongoing members paying by annual fee or subscription

In order to fly a glider as pilot in command, you must have a certain level of medical fitness. There are three choices: A Drivers Licence or CASA Medical is necessary if you are an Instructor, a Charter pilot, or suffer from certain medical conditions – the list can be found in the Medical FAQ Documents on the GFA Website or on the Documents area in the GoMembership menu.

Medical Status

- Self-Declaration
- Drivers Licence Medical
- CASA Medical (or Foreign equivalent)
- Not Applicable (will not fly in command)

We also need to know which clubs you are a member of so please be sure to select them in the My Clubs section. You can do this after you have completed the membership purchase.

Medical Declaration

If you plan to fly as pilot-in-command during your membership period, you **MUST** create a Medical Credential. If you are Self-Declaring a simple statement of self-declaration is required, and an example can be found on the GFA Website or in the GoMembership Documents area - see the menu options. In the Credential you will be able to select which type of medical Status you have.
